Content	Comments for you, as coach to give
 A) Pairs passing, throwing just off to the right and left, making partner move sideways to catch and pass back. B) Leap frog – 2 teams and they need to leapfrog the width of the netball court. 1st team to get all players across win C) Race for the ball – Two players stand beside a thrower. The thrower tosses the ball out in front and as soon as the ball is thrown, the two players run out to retrieve the ball. Whoever retrieves the ball pivots and passes back to the thrower. The non-receiver has to defend the pass back to the thrower. Rotate positions 	Encouragement from team for player competing. Avoid contact when running in for ball.
 A) Give out bibs and ask players to go and stand where they should at the start of a match – check they know their position, where that position is allowed to go and what their role is. Refer Player Positions sheet Ask the group to "follow the bib" and jog around the area that positions is allowed to go. 	NOTE: emphasise that they MUST rotate positions all the way down the court – they should not be seen as defenders or centre court or attackers – they should experience all positions.
B) Goal shooting with defender – all stand around goal circle with two goalers and two defenders in goal circle. Aim to pass to goalers to shoot for goal with defenders practicing 3 feet defending stance.	Teach basics of holding defensive position. Keep 1.2m back from opponent, keep eyes up, arms up after distance established.
C) Set the players up on the court for centre passes – using one 'centre' player and on coaches whistle or 'go' can do a centre pass to a player, who then catches ball, pivots and throws to person in goal circle. THEN, add a defender and talk about how attacking player can get away from the defender.	Need to lead at the appropriate time and into the open space

Minor Game	Pepper Pot:
	Players in a half circle with 1 "leader" in front.
	2 players each have a ball, one of them the leader.
	The Leader passes a ball to anyone in the half circle and at the same time the other player passes
	to the leader.
	When the leader misses a ball, she is out and changes place.
